Customer Reviews

This is an essential guide to have if you are trying to identify shells of Florida (Gulf and Atlantic sides)! Highly recommended!

I was very pleased with my purchase. I received it quickly & it was just what they said it would be, Thank you

Excellent field guide with color photos. Could use some updating, but otherwise, a great little book!

Really nice book. Can't wait to get back to Florida to find some more shells!

Great and fast service.
