Professional Review Guide For The CCS-P Examination, 2016 Edition Includes Quizzing, 2 Terms (12 Months) Printed Access Card

Synopsis

Take your career to the next level with PROFESSIONAL REVIEW GUIDE FOR THE CCS-P EXAMINATION, 2016 EDITION, an essential, effective preparation tool for the American Health Information Management Association's (AHIMA) Certified Coding Specialist-Physician-based (CCS-P) exam. This review guide gives you practice interpreting documentation and applying your knowledge by assigning codes to diagnoses and procedures for a variety of patient settings. Content has been thoroughly updated with ICD-10-CM content to map to the latest AHIMA exam domains. Use the online quizzing tool to create quizzes, sort quiz content by subject area or domain, and set time limits for exams. You'll have a more personalized exam preparation experience with PROFESSIONAL REVIEW GUIDE FOR THE CCS-P EXAMINATION, 2016 EDITION.

Customer Reviews

As usual, another edition of a great review guide to prepare applicants to successfully challenge the CCS-P. Loved the variety of coding examples by service area and practice cases. Also has an online companion that is quite beneficial.

Passed my CCS-P using mainly this book! Great study guide for CCS-P. Took 1 star off because I couldn't find the case studies on the online study guide. Overall money well spent, do not think I would have passed without it.

First of all CCS-P candidates got to understand what to expect in the exam. The exam is divided into 3 parts. 82 questions, 8 questions and 12 cases. However In reality it is 88 questions, 8 questions and 13 cases. The book preps you superficially with the first 2 parts and very nicely with last part. The mock medical cases are excellent. The multiple choice questions which are discussed in the book are totally different than the AHIMA question patterns in the exam. I made a big mistake of buying this book, because the book doesn't help much at all. I recommend the author to spend \$299.00 and take the CCS-P exam before authoring any book. In my opinion this book is worthless paying such a hefty price.

So glad I purchased to prepare me for test.
