Perfect for the class

I ordered this book for my marine bio class but apparently we didn't need it my teacher doesn't like the book because its really outdated and a lot of the info is some how incorrect so that's all i have to say about the book.

Book was in very good condition!

Accurate description, fast shipping

This was the book that my daughter's school recommended for her Marine biology class aThe read is easy and the author keep the subject interesting.
