Grammar Girl's Quick And Dirty Tips For Better Writing (Quick & Dirty Tips)

Synopsis

Online sensation Grammar Girl makes grammar fun and easy in this New York Times bestseller. Are you stumped by split infinitives? Terrified of using "who" when a "whom" is called for? Do you avoid the words "affect" and "effect" altogether? Grammar Girl is here to help! Mignon Fogarty, a.k.a. Grammar Girl, is determined to wipe out bad grammar—but she's also determined to make the process as painless as possible. A couple of years ago, she created a weekly podcast to tackle some of the most common mistakes people make while communicating. The podcasts have now been downloaded more than twenty million times, and Mignon has dispensed grammar tips on Oprah and appeared on the pages of The New York Times, The Wall Street Journal, and USA Today. Written with the wit, warmth, and accessibility that the podcasts are known for, Grammar Girl's Quick and Dirty Tips for Better Writing covers the grammar rules and word-choice guidelines that can confound even the best writers. From "between vs. among" and "although vs. while" to comma splices and misplaced modifiers, Mignon offers memory tricks and clear explanations that will help readers recall and apply those troublesome grammar rules. Chock-full of tips on style, business writing, and effective e-mailing, Grammar Girl's print debut deserves a spot on every communicator's desk.

Customer Reviews

I didn't have expectations about this book from the podcast because I only discovered Grammar Girl a few days before the book was released. I like books about usage, and I enjoyed this one. It's

organized in chapters of related usage problems and the rules for the most frequent cases. For many issues, the book gives not only the right way to do it, but demonstrates common wrong ways too, and clearly labels them so you won't pick up the wrong way if you're skimming. Many of the entries include memory devices to help you remember what to do next time. The drawings and examples were cute, but sometimes the references to Squiggly and Aardvark felt like inside jokes, but fortunately not to the point where I felt like the joke was on me. I didn't know if there were personalities for the characters that would have given me a deeper understanding of the examples they demonstrated, or if they were just generic illustrations. The voice is consistent, and the delivery is short and sweet, or as the author puts it, quick and dirty. Nothing is belabored that shouldn't be, but each issue is adequately covered for most situations. If an item is controversial, the book mentions the controversy and gives an overview of the major arguments. Matters of style are also identified, even if the author has a strong preference for a particular way. The last chapter, "Work It," is an unusual chapter for a usage book, and especially valuable. It gives writer-oriented tips for interviewing people, generating ideas, fighting writer's block, and proofreading. Some of the tips it gives are excellent, and in the right situation, may make the difference between success and failure. I would love to see that chapter expanded into a book of its own.

Who needs another book on grammar? Well, to be candid, most of us. We all struggle with the usual problems like lie vs. lay, affect vs. effect, and where to insert commas. In terms of these basic grammar questions, Mignon delivers the goods. In the guise of Grammar Girl she provides simple, memorable lessons in ... well ... grammar. The book is more than just a grammar guide. Go back and read the full title. Go ahead. I'll wait. You see the part that says "For Better Writing"? That's the real meat of this book. Mignon isn't some dusty academic who wants to put you in your place and make you feel inferior when you misuse a semi-colon. She's a talented writer who wants to help you improve your writing. Tucked in among the tips are dozens of ways to make your writing stronger and more engaging. She even covers writing for blogs and Twitter. Last century we had Strunk and White as guides. This century we have Mignon.

I rather liked the informal style of the book and found most of my queries were answered in an easy to understand manner. Having said that, the Kindle edition does not have a table of contents and the naming conventions used in the book make it difficult to find information quickly. If you're going to release an electronic version of a book whose purpose is to be used as a reference item, it should have a thorough table of contents, an index, and it should be organized in a manner so that

specific information can be found quickly. I thought the sum content of the book was great, it just needs a little help with accessibility. This review is reflective of Kindle edition of this book only.

Grammar Girl's Quick and Dirty Tips for Better Writing is an unabridged audiobook rendition of Mignon Fogarty's excellent guide to improving one's grammar. Well-known for her award-winning podcast explaining some of the most common grammatical mistakes people make, Mignon Fogarty delivers the straight scoop on style, business writing examples, advice for crafting smooth prose, and even e-mail tips. Grammar Girl's Quick and Dirty Tips for Better Writing is enthusiastically recommended for professional writers of all walks of life, from high school students crafting essays to college students working on Ph.Ds to prospective novel writers, nonfiction writers, journalists, newspaper columnists and much more. 5 CDs, 7 hours.
