Harry Houdini: A Graphic Novel (Campfire Graphic Novels)

Synopsis

This is the life story of Ehrich Weiss. If you don't recognize this man's name, that is because the world came to know him as the one and only Harry Houdini. George Bernard Shaw once remarked that Harry Houdini is the third most famous name in history after Jesus Christ and Sherlock Holmes. While that might be a bold and debatable statement, there is no doubt that Houdini is the most famous magician to have ever lived. Almost a hundred years after his death, his name is still synonymous with death-defying stunts and unimaginable escapes. His ability to get out of seemingly impossible situations, along with his knack of dealing with the public and the press, made him a legend in his own time. Some of his most notable escapes, which still cannot be explained, were the Mirror Handcuff Challenge, the Milk Can Escape, the Chinese Water Torture Cell and the Suspended Straitjacket Escape. How did a poor, uneducated boy rise out of poverty and become the greatest illusionist of the 20th century? The story of Houdini's life is not only entertaining, but also educational. His struggles in life and his determination to succeed are a lesson to all.

This is now the third book I have bought from Campfire, and it certainly doesn't disappoint! As a fan of both historical fiction and biographies, Houdini is a wonderful character driven tale about a man who must succeed even if it costs him his life. Although this is a large comic book, don't let that put you off - there is a lot of text and much of it is concerned with the determination of Houdini to top his last act and push his abilities to the very maximum. Along with their adaptation of Joan of Arc,

Houdini is another little triumph for the publisher known as Campfire. If you enjoy engaging stories with fabulous artwork, then pick up this title along with Joan of Arc, and their recent translation of Stevenson's Kidnapped.

You won't be able to ESCAPE the fun contained in these pages!
