Rocky Mountain Birds: A Folding Pocket Guide To Familiar Species (Pocket Naturalist Guide Series)

Synopsis

Stretching from Alaska to New Mexico, the varied habitats of the Rockies support hundreds of permanent and migratory bird species. This beautifully illustrated guide highlights over 140 familiar and unique species and includes an ecoregion map featuring prominent bird-viewing areas. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information and ideal for field use by visitors and residents alike. Made in the USA.

Customer Reviews

We got this as a "cabin gift" for some friends who have a place in the mountains. It's not as authoritative (or expensive) as Peterson's or Audubon, but it's just perfect to leave on the counter... Someone can just grab it up when a mystery bird is spied out the window. It's also durable enough to throw in a daypack to take on a hike.
