Customer Reviews

My son loves these books and learns so much cool stuff from them! He loves to read anyway, but the Angry Birds characters spark his interest in subjects that might seem dry to a child. He is intent on eventually owning all of these, and I absolutely have no problem with that!

Absolutely love these books! My son loves Angry Birds and this is just one other way to broaden his general knowledge. You can't go wrong with anything from National Geographic. Recommend it,

Good coverage of tropical animals. Great way to introduce the kids. My kids enjoy it very much, as the book is very graphical and is not difficult to understand.

Gave them to a 4yo and 7yo and they both love them
