Exalted Kingdom Of Halta

Synopsis

Lords of the Forest The Linowan call them man-apes, people who are no better than beasts. Savants claim that these people can be only Wyld-twisted slaves of the Fair Folk. Yet they and their animal companions live free and prosperous in the forests of the Northeast, and pay no tribute to the despotic Realm. Now, at the dawn of the Age of Sorrows, the trees no longer afford shelter. Where will the Haltan nation stand in an age of warring gods and heroes? Masters of Beasts Kingdom of Halta details the people of this land, with their arboreal society, their animal servants and their endless war with the Linowan. Inside, players and Storytellers alike discover the secrets of Haltan trade with the Far East, pacts with the Fair Folk, and an ancient resistance to the Realm.

Customer Reviews

There's a lot of neat stuff in here. I've always thought Halta was a pretty cool place, and this book really fleshes it out and brings it to life (no surprise there). There's information on the ruling government, judicial system, military (Haltan commandos rock), and also just plain old daily life. There's info on local spirits, and Fair Folk. The usual extra Manses, Demesnes, artifacts and items. But here's the real kicker. It tells you just how the Bull of the North crushed the Tepet Legions. If you want to know that, you're going to need to at least read through this book, but the whole of it is pretty damn good, so you may as well just buy it!
